KANSAS CITY DAY LILY GARDEN

7728 Holmes Street
KANSAS CITY 5, MISSOURI

TERMS: Cash with order, check draft or money order.

Postage is paid on all orders \$3.00 or over. On smaller orders please add 35c for packing and postage.

We do not substitute unless second choice is given, and if stock is sold out refund will be made. All orders acknowledged promptly.

We guarantee good healthy stock, true to name and that it reaches you in good condition, but we cannot be responsible for the growth in your garden due to conditions beyond our control. A state inspection certificate is attached to each shipment.

If you are not completely satisfied with your order, return it at once and refund will be cheerfully made, including postage.

Any error on our part will be immediately and carefully corrected, for our success depends on your being satisfied.

Shipping dates for (Hemerocallis) Daylilies, from May 1st to Oct. 1st, and until December 1st for Southern states. Bleeding Hearts and Siberian Iris beginning September 1st until October 15th.

PREMIUMS: You may choose 40% more Daylilies free on any order of \$5.00 or more. Collections are strictly net, not included in free offer. Free offer pertains only to Daylilies. We add free gifts on orders under \$5.00.

Missouri customers please add 2% sales tax.

We are testing and growing more than 550 varieties of Daylilies, most of which are the latest and finest to be had. Some of our finer kinds are not listed due to limited quantities. If there are any special new varieties that you want, and cannot locate, just drop us a card and we will quote you prices.

If you happen by our way, do drop in and visit us. You are always welcome. We have hundreds of seedlings that will bloom for the first time this season which should prove educational and enjoyable. Our heaviest blooming season is from June 15th to July 15th. Visit us from May 1st to September 1st to see the majority of our varieties in bloom.

You are invited to join "THE HEMEROCALLIS SOCIETY." You will receive a very fine and informative yearbook, plus bulletins of interest throughout the year. The yearbook alone is worth the membership fee of \$3.00. Annual dues should be sent to: Mr. George E. Lenington, Sec., c/o Kansas City Life Insurance Co., P. O. Box 139, Kansas City 10, Missouri.

MANY OF OUR VARIETIES ARE INCLUDED IN THE BEAUTIFUL SETS OF KODACHROME SLIDES AVAILABLE FOR RENT FROM PHILIP CORLISS, SOMERTON, ARIZONA. WRITE TO HIM FOR DETAILS.

The following symbols are used to indicate flowering season. Study these symbols carefully and choose your plants so that you can have blooms from Spring to Fall. Sometimes Daylilies do not bloom true the first year according to the times indicated. Numbers following names indicate height in inches.

E	Early (May)	La	Late (August)
E-M	Intermediate (May - June)	VLa	Very Late (August - September)
EM	Early Midseason (June)	Re	Recurrent Blooming
M	Midseason (June - July)	"RUS" is the abbreviation for Russell.	
MLa	Late Midseason (July- August)	"NES" is the abbreviation for Nesmith.	

"SPARKLING STARS FROM FAIRYLAND"

The many surprising and delightful variations of new colors, sizes, and shapes of the modern hybrid Daylilies are some of the reasons for their tremendous popularity. Solid colors, pastels, and combinations in bicolored, eyed, banded, blended, overtones, etc., with frilled and fluted petals, powdered with gold dust, and decorated with distinctive markings, in reds, pinks, maroons, mahogany, browns, tans, wine, lavender, purple, orange, apricot, salmon, yellows, cool lemons, and many other shades are now available. All colors are represented other than white and blue and there are now Daylilies that are marked with white. It won't be long before a white Daylily is a reality. As for blues, it is hard to say when they will be available, but I believe we shall have a blue Daylily sometime in the future, as there are faint indications of blue coloring in some of our Daylilies now.

Color breaks are appearing fast. Yes, I do believe "SPARKLING STARS FROM FAIRYLAND" is a most fitting description for these gorgeous creations.

If you have an unhappy spot in your garden where flowers do not bloom in the summer, plant some of our yellows, lemons, or pastels to cheer up those spots. Also don't fail to place the reds, pinks and others here and there for a most harmonious contrast. You won't be sorry in the years to come. Also if you add a few new ones each year you will find it becoming an interesting hobby. Next summer you will find yourself awakening each morning in anticipation of the new blooming miracles about to unfold in your garden. Have you ever observed a Daylily, sprinkled with dew, opening in the early morning. If not, you have an enjoyable experience to look forward to.

Height of plants and size of blooms will in some cases be less than stated until the plant becomes well established. Never judge a Daylily that is blooming for the first time, or first year. An established clump will have more stems, more and larger buds and blooms per stem and more lustrous finish to the bloom. The Daylily is a very prolific bloomer when established. Have patience and you will be rewarded with a glorious shower of "SPARKLING STARS."

Planting instructions and cultural directions are included in each order. We request that you heed these directions for successful results although the Daylily will grow and bloom beautifully for you even if you just put it in the earth and cover with soil. They will bloom even better if given a little attention Daylilies are appreciative of kindness.

Daylilies are free from disease and insects, therefore need no spraying. They will grow in most any soil other than a swampy location. Most varieties increase rapidly and most bloom during the summer months when other flowers are either sleeping or just enjoying a siesta.

The Daylily is a herbaceous perennial, is hardy, and will thrive well and bloom beautifully throughout the U.S. and many parts of the world. The Daylily plant once established will be with you always if given a minimum of care.

THE FOLLOWING VARIETIES WILL BE SHIPPED IMMEDIATELY OR WHEN
DESIRED BEGINNING MAY 1st.

IF YOUR ORDER IS \$5.00 OR MORE, CHOOSE 40% EXTRA FREE.

ACRES OF GOLD (Rus) 36 ERe.	Slightly ruffled unfading canary gold.....	\$1.00

SIBERIAN IRIS (*Iris Sibirica*) SHIPPED IN SEPTEMBER

The Siberian Iris is a very graceful perennial. Very hardy and grows well in almost any kind of soil, but they don't like lime. A moist location is preferred. When established they make a very beautiful clump and go well with the Hemerocallis and other perennials. The varieties listed are the finest to be had. Husky plants shipped.

CAESAR'S BROTHER (Morgan) 32". Handsome dark black purple	\$0.75
ERIC THE RED (Whitney 40". Large broad-petaled flower of wine red. Flaring falls, and well branched. The finest Siberian.	6.00
HELEN ASTOR (Whitney-Kellog) 30". Wide standards of a rosy red. Falls are a lovely rosy red and broad. White throat flushed blue. Outstanding	2.50
SNOWY EGRET (Cleveland) Fine large pure white.	2.00
TOWANDA REDFLARE (Scheffy) 38". The newest red, between Helen Astor and Eric the Red in tone. Large and flaring with wide segments.	4.00
TROPIC NIGHT (Morgan 36"). Deep purple blue, very rich color.	2.00
TYCOON (Cleveland) 34". The largest Siberian. Huge and satiny broad-petaled violet blue.	2.00

DICENTRA (Bleeding Heart)—TWO VARIETIES ARE OFFERED

A very useful and satisfactory plant is the Dicentra for the Spring garden. Grows well in the sun or semi-shade. Dormant roots are furnished.

EXIMA (Plumy Bleeding Heart). Beautiful finely cut foliage, covered with racemes of pretty pink flowers throughout the season. Perfectly hardy and is very decorative. 18 inches.

3 - 5 eye 40c — 3 for \$1.10 5 - 8 eye 65c — 3 for \$1.75

SPECTABILIS (Old Fashioned Bleeding Heart). The plants grow 2 - 3 feet tall, often spread 3 feet or more. Long showy racemes of heart shaped flowers on long branching stems make them one of the most decorative and useful spring-time plants.

3 - 5 eye 50c — 3 for \$1.40 5 - 8 eye 75c — 3 for \$2.00

According to the Legend of Flowers: Two rabbits, a harp, grandpa's glasses, a bottle and a broken heart are to be found in each bleeding heart blossom.
